Lehman Brothers file for bankruptcy

**3 October 2008**

US congress approves \$700bn bailout

**14 February 2009**

\$787bn stimulus approved by congress

The effects of the current financial crisis are global and irrefutable. With the collapse of Lehman Brothers, the domino effect of irresponsible public monetary policies, huge levels of unsustainable debt, and a deregulated financial sector, has escalated to the point where no corner of the globe has been left untouched.
